Wallet Flap for inserter and postage machines

The diagram shows a trapezoidal shape with rounded corners, representing a flap designed for use in postage machines. The top edge is shorter than the bottom edge, and the sides are slanted outwards. The corners are smoothly rounded. A horizontal line is drawn across the middle of the shape, with the text 'Wallet Flap for inserter and postage machines' centered above it.

Non-Machinable Square Flap

The diagram shows a trapezoidal shape with sharp corners, representing a flap that is not suitable for postage machines. The top edge is shorter than the bottom edge, and the sides are slanted outwards. The corners are sharp. A horizontal line is drawn across the middle of the shape, with the text 'Non-Machinable Square Flap' centered below it.
